### Mindfulness Practice While Travelling

- I will protect my PIN and passwords.
- I will keep my devices with me at all times.
- I will turn my devices off when I'm not using them.
- I will turn my devices off when I'm going through security.
- I will only use browsers and apps that are password protected.
- I will log out of browsers and apps when I'm not using them.
- I will clear my browser history, cache and cookies each time I access personal information on my mobile device.
- I will get a SIM card so that I don't have to use Wifi in public places.
- I will wait to post my location and any location-identifying photos on social media until after I'm home.
- I will change my privacy settings on social media so that only trusted friends and family can see my posts.
